

**Cesar Macedo**

**University of Houston Central Campus, Graduating Fall 2022**

**GPA: 3.917**

# And he's off!!!

We are very pleased to announce Cesar Macedo, the second FEI – Ted Bauer Undergraduate Business Scholar (“FEI-TBUBS”) recipient has wasted no time at all and is graduating early. The C. T. Bauer Foundation awarded the FEI Houston Scholarship Foundation in 2021 the distinct honor of administering the dedicated annual scholarship of two years of tuition for Cesar. Slated to graduate the Spring of 2023, Cesar Macedo has proven his unwavering determination to launch forward to commence his career in finance and accounting by graduating earlier than anticipated and is now graduating in December 2022.

Following his first internship at Goldman Sachs last summer, Cesar has been actively working at his second summer internship in Houston with Ernst & Young. The Ernst & Young internship has proven to be a perfect fit for Cesar as he was offered a full-time position with the EY Strategy and Transaction team in Houston upon graduating.

As the 2021 FEI-TBUBS recipient, we enjoyed Cesar’s visits with the FEI Houston Chapter membership. You may recall he introduced himself and spoke about his experiences at various Chapter lunches and dinner meetings. The opportunity to address the Chapter along with the mentorship from very helpful chapter members was a great confidence building exercise for Cesar. We witnessed Cesar grow more self-assured, more outgoing, and more determined during his time with FEI.

As an accolade to Cesar for doing a stellar job and finishing school early, the C.T. Bauer Foundation is awarding another deserving student at the University of Houston, a scholarship in the amount of the remaining monies from his award in Cesar Macedo’s honor. Here’s to you Cesar!
